This diagrammed airview of the fatal Long Island Railroad at Rockville Centre, N. Y., shows some of the factors which entered into the accident. The collision between an eastbound and westbound passenger train occurred at a point where two sets of tracks converged into a single line in a temporary siding. The trains were using the temporary siding while a grade crossing elimination project was in progress on main tracks (right). At upper left is the signal standard where one train is reported to have passed a red stop signal.

### Prominent 'Paltz Resident Is Dead

**Fred DuBois, 68, Former Supervisor, Active in Agriculture**

Fred DuBois, 68, of New Paltz, a former Republican supervisor, and one of Ulster county's most prominent agricultural figures, died today in New Paltz after a long illness.

He was a former member of the Advisory Council of Farms and Markets of New York State; former Past Master of Huguenot Grange of New Paltz; former director of the Ulster County Farm Bureau and former chairman of the Advisory Committee of the New Paltz G.L.F.

Mr. DuBois also was a past president of the Dairyman's League of New Paltz. He was a member of the New Paltz Reformed Church, having served as deacon and elder for many years. He leaves his wife, Anna J. Buchanan DuBois, four sons, Harold and Fred of New Paltz; Clarence of Florida and Gerald of Modena, also a daughter, Mrs. Robert L. of Kinderhook, N. Y.; a brother, George DuBois of New Jersey; and three sisters, Miss Anna DuBois, Kingston; Mrs. Elsworth Buchanan and Miss Belle DuBois of New Paltz; also nine grandchildren and two great-grandchildren.

A native of Gardiner, he had spent his entire life in that region, made the son of the late Gerret and Hannah F. Constable DuBois.

Funeral arrangements will be announced later by V. T. Pigo of New Paltz.

### Promises Invasion

Taipei, Formosa, Feb. 20 (AP)—Promises of a Nationalist invasion of Red China were showered down yesterday by Chiang Kai-shek's warplanes. Chiang said Mao Tse-tung, leader of Communist China, would be executed. Implying there would be a third world war and it would end in defeat of the Soviet Union, Chiang asserted Stalin would be tried as a war criminal by an international court. The generalissimo made these statements in 1900 leaflets showered down on cities celebrating Chinese New Year.

### Treasury Receipts

Washington, Feb. 20 (AP)—The position of the Treasury February 16. Net budget receipts \$127,535,000; budget expenditures \$102,000,000; cash balance \$3,243,000; customs receipts for month \$19,630,570.90; budget receipts for fiscal year (July 1) \$22,839,490,500; budget expenditures for fiscal year \$25,673,702,142.71; budget deficit \$2,734,213,152.21; total debt \$256,611,000,000; foreign debt \$18,000,000,000; gold assets \$21,343,488,000.00.

### Too Ill for Trip

Taipei, Formosa, Feb. 20 (AP)—Acting President Li Tsung-jen postponed the Central Yuan today because he was ready to return to China but his doctor advised against a long trip until he had recovered fully from a recent operation in the United States.

### Express Stalled

New York, Feb. 20 (AP)—Manhattan-bound workers from Queens were delayed more than a half hour today when an Independent Express train was stalled by a broken shoe beam on a car near 36th street, Long Island City.

## Crash Motorman Too Ill for Court

### Rockville Centre Mayor Asks Dewey for Safety Devices

Rockville Centre, N. Y., Feb. 20 (AP)—A dazed and grief-stricken motorman, blamed for a railroad collision in which 29 persons were killed and 105 others injured, was ordered into court today on a manslaughter charge.

Authorities said, however, that the doctor attending the motorman, Jacob Kiefer, 55, told the policeman on duty at the motorman's home that Kiefer was in no condition to be assigned and might not be for a week. Nassau county officials were attempting to reach the physician, Dr. James Welter, for official confirmation.

Kiefer was placed under arrest at his home after Friday night's crash on the Long Island Railroad, the worst railroad wreck in the nation since 1918. Nassau County District Attorney Frank A. Goulet said Kiefer drove his train through one red light, and possibly two, before two electric commuter trains crashed on a temporary siding.

Thirty-eight of the injured remained in hospitals today, 17 of them in critical condition. Kiefer's son, Donald, said last night his father still was unable to think clearly but was "overwhelmed by grief."

The motorman, his son said, "has had but a few minutes of clear thinking since the realization of what happened Friday night struck him."

"When his mind does clear momentarily he can speak to us in a lucid manner, he is soon again overwhelmed by grief and lapses into a distraught condition . . . the son added.

"It is not my father's intention to shun responsibility. . . . When his mind clears, I am sure he will not try to alibi or to escape any fault that is justly his."

The son said the wreck is "all still as much of a mystery to our family, including my father, as it must be to the rest of Long Island."

The motorman, the son said, "was always fearful that human error or sudden illness might result in tragedy. I have heard him say on many occasions that a system should be perfected which would protect the passengers in a huddle."

State Chairman William L. Pfeiffer, who called the rare winter conference, said it would lay some groundwork for a unified, intensive campaign next fall, "regardless of who is the candidate."

The chairman said he would not permit such a meeting to "talk about candidates in February for the following fall." He said that session was planned to create good will and solidarity for the fall campaign.

Pfeiffer said, however, there was considerable pressure for Dewey to run again. He remarked "I agree with the majority of the leaders that he is by far the strongest candidate we have."

Pfeiffer reiterated that Dewey's business is expected to be pushed at least openly.

## Say U. S. Plans Atomic U-Boat

Washington, Feb. 20 (AP)—Informed source disclosed today that the United States is pushing plans to start construction of what it hopes will be the world's first atomic-powered submarine.

This source said that discussions are underway between the Navy and the Electric Boat Corporation at Gorton, Conn., in regard to construction of a submarine hull in which could be installed an atomic energy reactor that may be developed by the Atomic Energy Commission. The company built many of the Navy's submarines in World War II.

The discussions were described as so far advanced that quite likely Congress will be asked to add an appropriation for the work to the 1951 Navy budget for the year beginning July 1. Some lawmakers said a week ago that a race between the U. S. and Russia to be first to develop an atomic-powered sub was a possible complication in efforts to produce a hydrogen bomb.

## Brinkerhoff May Join Ship Museum

### 51-Year-Old Ferryboat Called Choice Type Side-Wheeler

Plans are in progress to make a museum piece of the ancient ferry Brinkerhoff which for several years plied the Hudson river between Poughkeepsie and Highland and which has since been harbored here in winter months.

The plan to include the 51-year-old craft among the collection at the Marine Historical Association's Museum at Mystic, Conn., was revealed in an article by Frank J. Braynard in Sunday's New York Herald Tribune.

Eastern member of the Steamship Historical Society of America "hope to find ways and means to sail or tow" the ferry from Kingston "to a permanent location" at the museum, Braynard said.

Described as "the last of dozens of small side-wheel ferries that cross-crossed the bays and rivers of the Northeast, a generation ago," the ferry is considered "a choice specimen of 19th century ferryboat architecture," the article explained.

The historical society, if successful, will place the boat with such relics as the square rigger Joseph Conrad, the whaler Charles Morgan and the original clubhouse of the New York Yacht Club, towed last year from Glen Cove, L. I.

Braynard said that Capt. Earl C. Pulner, vice-president of the society and an executive of the Moran Towing and Transportation Co., has offered to skipper the 140-foot craft to the museum.

Other offers came from a former captain and chief engineer of (Continued on Page 12, Col. 4)

## Pfeiffer for Dewey As Governor Again

Albany, N. Y., Feb. 20 (AP)—A move to draft Governor Dewey as a candidate for a third term may be weighed quietly here next Monday, when the state's 62 Republican county chairmen go into a huddle.

State Chairman William L. Pfeiffer, who called the rare winter conference, said it would lay some groundwork for a unified, intensive campaign next fall, "regardless of who is the candidate."

The chairman said he would not permit such a meeting to "talk about candidates in February for the following fall." He said that session was planned to create good will and solidarity for the fall campaign.

Pfeiffer said, however, there was considerable pressure for Dewey to run again. He remarked "I agree with the majority of the leaders that he is by far the strongest candidate we have."

Pfeiffer reiterated that Dewey's business is expected to be pushed at least openly.

Quiet soundings as to the depth of such sentiment seem more likely, one source said.

# New No-Strike Order Issued; Government Seeks Way to Get Coal Without Seizing Mines

## Farmers Ask More Information On Artificial Rain for Area

### Area Residents Concerned

New York City's water supply in this area is reported less than one-half capacity at the present time. This situation is deemed alarming by New York's Mayor O'Dwyer, who has ordered the hiring of a meteorologist to try man-made stunts here to make clouds give up rain in order to replenish the reservoirs.

Before tinkering with nature in order to produce more water for New Yorkers there are possible hazards to this widespread region that should be considered. Of course it first must be established if New York has the right to tamper with the clouds.

The mountain area in which are located the water sheds is essentially a resort and farming region. What would happen to these businesses if this man-made rain came down in such amounts that it flooded and otherwise damaged properties in this region? Would the city of New York pay for the loss of business and for the destruction of property? In the event of damage, the owners and farmers would suffer serious financial losses.

The possibility of vast damages from floods in the watershed area becomes a grave matter of concern to residents of the mountain area because they have had experience over the years with natural causes.

The State Department of Commerce declares that the water shortage for New York city is due to the use of supplies at a greater rate than the dependable yield of its reservoirs.

New York city has tried numerous schemes to save its water for the summer months, but they have been of no avail. Instead of decreasing bathless, shaveless and what-not days, why doesn't the mayor meter all the water used? This would solve the problem.

## Many Skiers Crowd Catskill Mountain Area Resorts

### Housing Parley Held Here Today

Two members of the New York State Division of Housing were scheduled to confer with members of the Kingston Housing Authority at 1 p. m. today.

Arthur A. Davis, Jr., chairman of the local authority, said that the two men, Robert Murray, and Leonard Hubbard, were expected to go over local housing problems with the local group and probably make an inspection tour of proposed sites.

### AP Veteran Dies

Philadelphia, Feb. 20 (AP)—John Reitinger, a veteran of 54 years service with The Associated Press and one of the pioneers in wire service reporting in the United States, died last night at the age of 76. Reitinger joined The Associated Press in 1896 as a copy boy in its Philadelphia offices.

### All Houses Are Filled to Capacity During Belleayre's Contests

Ski conditions in the Catskill Mountain area were "excellent" over the past week-end and the entire mountain area was treated to a sample of what may be expected in the future when skiing is good.

Every house in the Mt. Tremper, Phoenicia, Big Indian, Pine Hill, Highmount and Margaretville area was filled to capacity over the week-end as the New York State Downhill and Alpine Combined Championship contests.

Not only were all available rooms in the mountain area filled with visitors but many were compelled to seek accommodations at distant points and make the run to the ski slopes by car.

### Long Traffic Lines

At one time Sunday cars attempting to get to Belleayre were lined up along the road as far down as Pine Hill village. Many houses turned away guests and it was estimated that from 4,000 to 5,000 winter sport followers crowded into the Belleayre-Highmount-Phoenicia area over the week-end.

The races on Belleayre attracted a large number of contestants and an unusually large number of spectators who came to witness the contests or to do a bit of individual skiing on the "excellent" trails and slopes. There were 37 entries listed and 33 of them participated on the championship races.

The downhill race was won by Heinz Krebs of the German Ski Club of New York in the fast time of 58.1 seconds. The contests were staged on the 3,514 foot long (Continued on Page 12, Col. 5)

## Extent of Control and Seasons for Use Are 2 Big Questions

"Let us know more about it" was the unanimous plea of Ulster county farmers surveyed today regarding their opinions on New York city's proposed rainmaking project.

Fear is widespread that artificial rain will cause local corn growers, dahymen, poultrymen and others to lose money through its bad effects on crops. If it does, there will be lawsuits against New York city, the farmers agreed.

Academy farmers want to know more about two vital points:

1. Can the area in which the artificial rain will fall be limited, and how accurately can the rainmaker define the area?

2. How often, and in what season of the year, will the artificial rain be produced?

### Other Data Sought

Even if those questions are answered, there will still be disagreement. For instance:

1. If the rain area can be limited, will the production of artificial rain in one area rob farmers in other areas of needed natural rainfall? If it cannot be limited, will farms get too much water for best crop production?

2. Even with the most careful choice of seasons for rainfall, there still remains the problem that what's good for one type of crop may be bad for another.

One attitude encountered in today's survey was that "the water God drops on us is all we're entitled to."

### Most Open-Minded

Most farmers had an open mind, but wanted more information. New York city has no moral right to go ahead with its rain-making plans without first thoroughly studying its possible effects on area farms and without consulting local residents, was the opinion of many.

S. J. Hasbrouck of Linderman avenue, Kingston, voiced his opinion this way: "This rain-making might cause a lot of difficulty. We don't know how well they can control it. Maybe they would ruin us; maybe we would get too much rain. We need more information."

A Sawkill road farmer pointed out that in past years we have had dry spells, but rainfall averages out pretty well. He suggested that if New York city has enough water to last through March, they do nothing right now but wait for experience tends to indicate that natural rain will take care of the needs by spring.

### Foreseen Damage

Weidner is familiar with rain-making projects in western states, and says that the differences to be considered. What artificial rain has been an advantage here, he notes that in the West farms are larger and population less per area. Also in those areas, normal rainfall averages eight inches a year, whereas here it is closer to 40 inches, he said.

In California, Weidner said, rain is made to fall in a narrow strip (Continued on Page 2, Col. 4)

## 372,000 Miners Ignore First Directive Put Out Feb. 11th and Disobey Boss Lewis

### Negotiations Slow

### Truman Expects Report Today; Not Asking Seizure Power

Washington, Feb. 20 (AP)—Federal Judge Richmond B. Keach today issued a new no-strike order against John L. Lewis and the United Mine Workers. It runs until March 3.

Keach has had a "stop strike" order out since February 11, but the 372,000 miners have ignored it.

Lewis himself has observed it to the extent of twice sending instructions to the miners that they should go back to work.

The miners' refusal to obey the order has the government casting about for possible new actions to get coal mined. One move that is a possibility is contempt action against the United Mine Workers. That would result in big fines on the union.

There has also been talk in Congress of legislation to let the government seize the mines. But Democratic leaders are not taking to that idea.

### Against Seizure

House Speaker Rayburn (D., Tex.) said after a conference of legislative leaders with President Truman today that the President has no plans to ask such authority. Mr. Truman said he does not want it.

Senate Democratic Leader Lea (Ill.) said he had not heard any talk of seizure legislation by the administration.

Rayburn said there was only general discussion of the coal situation at the White House conference. He said Mr. Truman told them he was "expecting some kind of report" later today on the situation. Presumably this is a report from his fact-finding board and mediation efforts keeping in touch with developments.

In Congress, there was sentiment expressed in the Senate for legislation permitting the government to take over the mines in an effort to end the strike. Some lawmakers noted that the Senate already had included such a provision in a Taft-Hartley substitute which was never acted on by the House.

President Truman said two weeks ago—and the White House repeated Saturday—that the (Continued on Page 2, Col. 4)

## New Pre-Fab Home Will Be Opened For Public Feb. 22

### Donnaruma Reports 67 Houses Sold to Date; Model Furnished for Inspection

The first of the pre-fabricated Gunnison homes to be erected in Kingston will be open for public inspection on Washington's Birthday, February 22. It was announced today by Walter Donnaruma, authorized dealer.

The demonstration home, located at 50 Millers Lane, is the smallest in the line, containing living room, kitchen, two bedrooms, bath and a utility room. This size will sell at \$5,750 without lot.

This home, with no basement, makes no pretense of being a home for a large family. For a two- or three-member family of limited means, it is engineered to give maximum comfort at minimum price both for purchase and upkeep.

Insulated walls and roof, with factory-sealed window units, are points which the manufacturer claims will reduce fuel bills to a minimum. Maintenance costs, according to the manufacturer, are kept low by good engineering throughout.

Homes Furnished

The demonstration home is attractively furnished by Kaplan Furniture Company. Curtains and bed coverings are furnished by the Gunnison Curtain Shop.

## May Curtail Business, Shut Entertainment to Save Coal

Albany, N. Y., Feb. 20 (AP)—An abbreviated operating week for industry and business and a shutdown of amusement places appeared near today for coal-short New York state.

State Coal Administrator Bertram D. Tallamy said the decision hinged largely on whether 372,000 striking soft coal miners stayed away from the pits today despite John L. Lewis' second order to return to work.

And early shifts did not appear in West Virginia and Pennsylvania. Action in those areas usually sets the pattern for the other fields in the nation.

Meanwhile, a source close to Tallamy said confiscation of coal supplies in private hands would be a last resort measure in the state's program to conserve coal. He said that if the situation became extremely grave, Dewey would ask the Legislature for additional powers to seize private stocks. This, he added, was not (Continued on Page 12, Col. 6)

## Coal Strike Takes Glitter Away From Great White Way

New York, Feb. 20 (AP)—The coal strike has taken the glitter out of New York's "Great White Way."

The bright lights were off last night in the fourth postwar brownout.

Statewide restriction on electric signs—part of an emergency program to conserve dwindling coal supplies—went into effect yesterday noon. But not until nightfall were the dismal effects fully noticeable.

Police officials said early today that a midnight check showed the brownout almost 100 per cent effective in Times Square and other parts of midtown Manhattan.

Unofficial surveys showed compliance was spotty in various other parts of the city.

Broadway crowds—who have

had experience with strict dim-outs in wartime and brownouts during strikes in vital industries—appeared little affected by the new restriction.

Violators of the curb on strong lighting are subject to a year in jail and \$500 fine. At the start, police issued warnings.

Although the big signs were turned off, there were plenty of street lamps, traffic signals, auto headlights and beams of light from business places and offices to make pedestrian and auto traffic safe.

The brownout order prohibits the use of electricity in excess of 200 watts for lighting advertising, promotional or display signs.

Another impact of the coal strike hit today when rationing of soft coal started.

Rationing, the brownout and other restrictions were ordered last Thursday under emergency state legislation.

Compliance with the brownout was reported spotty in various parts of the state last night.

Shorter operating weeks for industry and business, and closing of amusement places in the state were possible if the coal strike continued.

## MODENA

Modena, Feb. 20—Mrs. Fred Savignano was given a shower at her home Saturday afternoon by her daughter, June Rosas and co-hostess, Lucille Doolittle. Color scheme decorations were pink and blue, and a decorated basket contained gifts for Mrs. Savignano. Besides those mentioned, the party was attended by Mrs. Floyd Hornbeck and Mrs. Charles Miller, Poughkeepsie; Mrs. L. Klyne of Ithaca; Mrs. Jean Moran of Gardiner; Mrs. John Savignano, Mrs. Leonard Coy Sr., Miss Marion DeWitt of Modena.

Mrs. Roy Jensen spent Thursday afternoon with Mrs. Stanley Beaty at New Paltz.

It is reported that Public Health Nurse Miss Eleanor Flint of Highland has been assigned to duty in certain sections of this locality, relieving Miss Amelia Dowd, who has been serving this area.

The installation of a traffic light at Modena four corners meets with approval from every direction. Several years ago a blinker was placed at the center of the crossing, but met the fate of any object remaining very long in one position at that point. It is hoped that the new apparatus will enjoy a longer existence.

Supervisor Eber Coy has purchased the Bartlett farm, adjoining his own property in Ardara, to operate in connection with his own fruit farm. Robert Coy will occupy the premises in the future, it is reported.

The mid-year honor roll of the Wallkill Central School recently released by Principal R. J. Robinson, includes the following local students: High honor, Shelby Harcourt; honor roll, Elizabeth Wells, Philip Rappleyea, Mary Lou DiBois, Dorothy Giambrone, Joan Hartney.

An all-day meeting of the W. S. C. S. of the Modena Methodist Church is planned for Thursday, Feb. 23 at the home of Mrs. Lillian Courter. Anyone wishing to donate material for rugs to be woven for the annual church fair are advised to bring same at this time.

Plans are complete for the card and game party to be held Tuesday evening, Feb. 21, at the Hasbrouck Memorial Hall. The party is sponsored by the Modena Home Bureau.

Mr. and Mrs. Harry Blum and family have returned to Kew Gardens, L. I., after visiting Mr. and Mrs. William Fowler, north of Modena village.

Mrs. Mabeth Black, teacher in the Leptondale school of the Wallkill Centralized system, is on the properties committee of the "Gay Nineties Revue" to be presented at the school Saturday, March 4. Mrs. Kathryn Van Vleet of New Paltz, teacher in the Modena school, is on the program and ticket committee.

## CONGRESSMAN ARRESTED ON ASSAULT

Rep. Fred L. Crawford (R-Mich.) feeds a "porker" on his farm near Oken Hill, Md. Crawford was arrested Feb. 18 by Prince Georges (Md.) county police on an assault charge preferred against him by one of his tenant farmers. He chose to spend the week-end in jail after officials refused to accept a \$200 cash bond.

## Chaplain Says Germany No Place for Teens

Frankfurt, Germany, Feb. 20 (AP)—The army's top chaplain wants to keep teen-age soldiers out of the U. S. occupation zone in Germany because they are too young to resist moral temptations here.

Maj. Gen. Roy H. Parker, chief of the U. S. army chaplains, told the army newspaper Stars and Stripes he was considering recommending that only soldiers in their second enlistment period, or older, be assigned to duty in Germany.

This would eliminate teen-agers, since an enlistment period is for three years.

General Parker said young soldiers are exposed to extraordinary moral hazards and temptations in Germany. He said older men also are likely to be "better missionaries" of American democracy in their contacts with Germans.

Lowville Man Appointed Albany, N. Y., Feb. 20 (AP)—George R. Davis, 31, of Lowville today was appointed a deputy assistant attorney general.

## Trip to Ireland Is Thrill of Lifetime For Somers Widow

New York, Feb. 20 (AP)—Mrs. Alice O'Brien Peirano, 63-year-old widow of Somers, N. Y., who was treated by neighbors to a 15-day excursion trip to Ireland to visit her 100-year-old father, said on her return yesterday that the trip was "the thrill of a lifetime."

She said she felt that she "can never pay back" her friends who made the trip possible.

Mrs. Peirano arrived at New York International Airport on an American Overseas Airlines plane from Shannon. She said her father, Michael O'Brien, who still lives in the same house in which Mrs. Peirano was born in Malin, County Cork, "looked very old" but that he is "still full of the devil."

Mrs. Peirano was met at the airport by several of her neighbors, including Webb Keefe, principal of the Somers Central School, who initiated the gathering of funds from 22 other friends to pay for the trip.

Mrs. Peirano said that "My visit to Ireland was a thrill of a lifetime. I feel that I can never pay back my good friends for this wonderful gift because I do not think I would have ever seen my father, brother and sisters again if it had not been for their kindness."

Mrs. Peirano, who left Ireland 36 years ago, said she could have afforded the trip but she never thought of spending so much money just for herself.

Mrs. Peirano brought back with her four bottles of Irish whiskey and brandy to celebrate her homecoming. She said one bottle contained special Irish whiskey from "O'Brien's Pub" in Malin. The "pub" is operated by her brother, Patrick O'Brien.

She said that while in Ireland she stayed in the home of Mrs. James O'Sullivan, one of her sisters in Cork. She also visited her other sisters, Mrs. Nora Owens, Mrs. Richard Roman and Mrs. Hannah Donahue, all of Cork.

She said she "did not lift a hand" while on her visit, adding

that she was "not allowed to wash a teacup" and "I even had breakfast in bed."

Keefe said Mrs. Peirano's daughters, Charlotte, who is town clerk of Somers; Alice, and Mrs. Robert Phelps, of Philadelphia, did not come to the airport because they were home "preparing a 'surprise' turkey dinner" for their mother.

The trip to Ireland was paid for by neighbors who last December heard of Mrs. Peirano's desire to visit her father.

## Briggs Is Chairman Of Merchants Group

J. Ellis Briggs has been named chairman of the retail merchants committee of the Kingston Chamber of Commerce. The other members are Milton Friedman, William O'Reilly, Stuart Randall and Clyde Wonderly, Jr. In making this announcement today, President Robert E. Teetsel stated that the committee will undertake only those sub-committees to handle special projects sponsored by the committee.

The recent February "Kingston Days," reported as unusually successful by most merchants, were sponsored by the retail merchants division of the Chamber of Commerce. Suggestions to help make Kingston a better place to shop and let people know that it is a good place to shop, are sought by the committee.

## Brainy Phone System

Cranford, N. J., Feb. 20 (AP)—For the first time, you can pick up a telephone in Cranford and dial a number in any of the five boroughs of New York city.

The new interstate dial system went into effect yesterday for subscribers in this area. New Jersey Bell Telephone Company said the system later will be extended to other parts of New Jersey. Jay T. Rodgers, manager of the Bell Telephone Company here, said the system records the calling and called numbers, the date, the time of day, and the start and stop times of the phone conversation.

Then, Rodgers said, the machine assembles and adds up the chargeable calls made during a month by each subscriber and translates the information for use in making out monthly bills.

## Fitzpatrick Asks About Road Funds

New York, Feb. 20 (AP)—Democratic State Chairman Paul E. Fitzpatrick has called on Gov. Thomas E. Dewey to explain what happened to funds supposedly earmarked for the proposed Buffalo-to-New York Thruway.

Fitzpatrick said in a statement yesterday that all plans for issuing bonds for the express highway or for establishing a toll system should be suspended until the governor makes an accounting.

The Democratic chairman quoted the governor as having said July 11, 1946, while dedicating a part of the Thruway at Liverpool, N. Y.:

"Surplus state revenues were set aside during the war in a postwar reconstruction fund which totalled more than \$500,000,000."

"That is the money which makes possible this present program. We will pay as we go without plunging the state into a debt to be paid by our grandchildren." Despite this statement by Dewey, Fitzpatrick said, the people of the state now "are informed that only \$25,000,000 has been spent (on the highway) and the rest must be raised through the issuance of bonds and the setting up of a special Thruway authority."

Also, Fitzpatrick declared, Dewey now estimates the cost of the express highway at \$400,000,000, instead of an original estimate of \$200,000,000.

Referring to the difference between the \$25,000,000 reportedly spent and the \$200,000,000 original cost estimate, Fitzpatrick asked:

"What happened to the \$175,000,000 that we were informed

on July 11, 1946, had been allocated for this project in the postwar reconstruction fund?"

Kuhnel-Speich  
Engagement Told

**FRANCES HELEN SPEICH**  
Mr. and Mrs. Charles R. Speich, 222 Isabella street, Syracuse, have announced the engagement of their daughter Frances Helen, to Ralph H. Kuhnel, son of Mr. and Mrs. Herbert K. Kuhnel of Stone Ridge.

Miss Speich attended Assumption Academy and the Syracuse Comptometer School. She is employed in the Accounting Revenue Department of the New York Telephone Company.

Mr. Kuhnel is a graduate of Frank B. Technical High School. He is in the Navy stationed on the Supply Department aboard the U.S.S. Philippine Sea.

No date has been set for the wedding.

Kingston W.C.T.U.  
Honors Founder

A memorial meeting honoring Frances E. Willard, founder of the Woman's Christian Temperance Union, was held Thursday at the home of Mrs. George Shultz, 273 Washington avenue.

Mrs. John B. Steketee, the leader, said "The life of Miss Willard from the date of her election as president of the National Woman's Christian Temperance Union, in 1879, until her death, was spent in building a union of women, who, organized, would be strong enough to resist the alcoholic beverage traffic."

"When she laid her armor down and the National Woman's Temperance Union met at St. Paul, Minn., on November 15, 1889, around her empty chair, they established the day of her death (February 17), her heavenly birthday, as she had asked them to call it, as a perpetual Memorial Day in her honor."

"In place of costly monuments and marble shafts, they established for her a living memorial—gifts of funds to continue her work. From this fund, organizers are sent out to establish new unions or to assist those that need to be built up."

At the meeting, Mrs. Fred Smith reviewed "It's Smarter Not to Drink."

The annual institute of the local W.C.T.U. will be held "probably on April 20," it was announced.

The 18th convention of the World's W.C.T.U. will be held at Hastings, Sussex, England, June 2-10, with the National British Total Abstinence Union as hostesses.

Miss Mauterstock, Pupils, Give Recital At Home for Aged

A recital at the home for the Aged Saturday evening featured Carol Davis, pianist, Norma Vining, soprano, and Ethel Mauterstock, reader and accompanist.

Miss Davis and Miss Vining, both teachers, and both living in Olive Bridge, are students of Miss Mauterstock. Both are graduates of Houghton College, and Miss Davis is a graduate of Kingston High School.

Miss Davis played two preludes, a mazurka, a waltz, and a polka, also by Chopin, and an arrangement of Schubert's "Finlandia."

Miss Vining sang "How Beautiful Upon the Mountains" and "Trees." Miss Mauterstock gave two readings, "The Village Gossip," and "How Ruby Played," and played "Tribute to Jean Sibelius" by Elliott Arnold.

Miss Julia Mancel, Formerly of Kingston,  
Becomes Bride of Francis Fitzpatrick

MRS. FRANCIS FITZPATRICK

Miss Julia Mancel, daughter of Mr. and Mrs. William Mancel of Newburgh, formerly of Kingston, was married Sunday, Feb. 12, to Francis L. Fitzpatrick, son of Mr. and Mrs. John Fitzpatrick of Newburgh.

The double ring ceremony was solemnized at St. Patrick's Church by the Rev. Francis Brennan. Miss Marie Flannery played traditional wedding selections on the organ.

Given in marriage by her father, the bride wore a candlelight satin gown fashioned with a fitted bodice, and neckline trimmed with a bertha of imported French Chantilly lace, long sleeves and a full length train. A French illusion fingertip veil cascaded from a bonnet of matching Chantilly lace. She carried a bouquet of white roses with satin streamers.

Mrs. Gladys Kinane of Kingston, matron of honor and sister of the bride, wore a pink tulle gown with a net bonnet and carried tallman roses. The bridesmaids, Miss Marianne Fitzpatrick, niece of the bridegroom, and Mrs. Olga Lucy, were Nile green tulle gowns and carried yellow roses.

The bride's mother wore a turquoise dress with turquoise and black accessories, while the bridegroom's mother chose a powder blue dress with black accessories. Each wore a corsage of pink roses.

Jack Fitzpatrick, brother of the groom, was best man, and Dennis Farina and DeCaro Petry ushered.

After the ceremony, a reception was held at Rhoda Arms where guests were present from Kingston, Long Island, New York city, New Jersey and Newburgh.

The bride attended Kingston High School and Moraga-Spencerian business school. She is employed in the office of American Felt Company.

The groom, a graduate of Newburgh Free Academy, served three years in the navy and is employed as a postal clerk at the Newburgh Post Office.

The couple left for a wedding trip to Daytona Beach, Fla. The bride wore a navy blue suit with navy and white accessories. Upon their return they will live at 184 First street, Newburgh.

## What About Goddard

London, Feb. 20 (AP)—Is Paulette Goddard about to become the third countess of Warwick? "Rubbish. Fantastic. Insane. I'd like to know who that woman is," the Earl of Warwick said today.

The Hollywood actress arrived by air from New York Saturday. "I will tell you anything you want to know except where I am staying," Paulette told interviewers. "I am going down to the country to be with friends." She went to Warwick Castle, home of the 35-year-old seventh earl, 100 miles northwest of London in Warwickshire.

**Wants Controls Extended**

Binghamton, N. Y., Feb. 20 (AP)—The Binghamton Rent Advisory Board wants federal rent controls extended in Broome and Otsego counties. The board said Saturday it believed the housing situation in the two counties had been "reasonably met" and controls are no longer justified. However, Chairman William Van Atta said the board planned either public hearings or a survey of the area before sending a recommendation to Housing Expediter T. H. Hughes.

Annual insect damage in U. S. forests is estimated at \$2,500,000, 000 by the Department of Agriculture.

**EAT WELL for Less****Serve Washington Shortcakes**

By GAYNOR MADDOX  
NEA Staff Writer

For February 22, Washington's Birthday, plan a gala dessert. The compotes of ice cream that graced President Washington's Mount Vernon table couldn't have been more sumptuous than the following which any modern homemaker can make. Its food value is higher, too, because today's commercial bulk ice cream is richer in butterfat content, extra proteins and minerals of milk solids.

**George Washington Shortcakes (Serves 8)**

One quart cherry-vanilla ice cream (bulk), 1/4 cup butter, 1 teaspoon vanilla, 1/4 cup light cream, 3 cups confectioners' sugar, 6 individual baker's shortcake shells, one 12-ounce jar preserved cherries.

Store ice cream until needed in freezing compartment of refrigerator, with controls set at freezing. Cream butter until soft. Blend in vanilla, light cream, then confectioners' sugar. Beat mixture until light and fluffy. Frost outside of shortcakes with mixture. Place a tablespoon of the preserved cherries in the bottom of each shortcake shell.

Fill the center of each with a large ball of cherry-vanilla ice cream. Chill in freezing compartment of refrigerator, in waxed paper lined freezing trays, or serve at once. Just before serving, top each ice cream shortcake with more cherry preserves.

**Cherry-Vanilla Ice Cream Tarts (Serves 6)**

One quart cherry-vanilla ice cream (bulk), 1 1/3 cups sifted flour, 1 teaspoon salt, 1/4 cup butter, 1/4 cup shortening, 1/4 teaspoon almond extract, 1/4 cup ice water, cherry glaze.

To make tart shells: Sift together flour and salt. Cut in butter and shortening, using pastry blender or two knives. Combine almond extract with the water; add to flour mixture, and mix with a fork until the dough forms a ball. Wrap in wax paper and chill for 30 minutes.

Roll pastry out on floured board to 1/8-inch thickness. Cut into rounds to fit the outside of 3-inch tart pans. Fit over inverted pans, pinch edge together to flute and prick with fork. Bake in a pre-heated oven at 350 degree F. until delicately brown, 10 to 15 minutes. Remove from pans and cool.

To complete tarts: Fill the cold tart shells with slightly softened cherry-vanilla ice cream, leveling the tops; cover ice cream with cherry glaze. Place in freezing tray which has been lined with waxed paper; chill in refrigerator's freezing compartment for several hours. Top each tart with whipped cream and a maraschino cherry if desired.

Y., a student at Amherst College, was not injured.

**Bills Proposed in Legislature**

Albany, N. Y., Feb. 20 (AP)—A bill to increase state reimbursement for the care of tuberculosis patients in county sanatoria by \$3,250,000 a year will be introduced in the Legislature tonight. Assemblyman Harold C. Osterstag's measure would increase from \$250 to \$3.75 the state's maximum one-half share of the daily cost of care per patient in 23 sanatoria. He said that when the state program for free care for tuberculosis patients was inaugurated in 1946, the daily care cost was figured at \$5, with the state paying half.

The average costs today are closer to \$7.50 both in locally supported and state supported sanatoria, Osterstag said. "We recommend that the reimbursement rate be readjusted to take this increase into account."

The bill carries out recommendations made by the New York State Hospital Study conducted by Columbia University's School of Business at the request of the State Joint Hospital Survey and Planning Commission. Other measures to be introduced tonight, when the Legislature begins its seventh full work week, would:

Create a joint legislative committee to study the problems and needs of small business. (Senator Halpern and Assemblyman Fred W. Freiler, R-Queens.)

Establish a joint legislative committee to draft a state aviation code. (Senator Halpern and Assemblyman Samuel Rabin, R-Queens.)

**Federal Income Tax Information**

By JAMES MARLOW  
Washington, (AP)—If you're married, remember the present law gives married couples a break on their 1949 income tax.

It allows them—but only if they file a joint return—to split their income, each claiming half of it, even though one of them had no income at all.

This split throws each half of the income into a lower tax bracket than the total income would have been in if it had been left unsplit.

Never in any case will married couples lose money by filing a joint return when one of them had no income. In most cases it will save them money, and—

In most cases were both had income they will save money by filing a joint return. Nevertheless, you can suit yourself whether you file separately or jointly.

Remember: If your wife had no income and was not a dependent of some other taxpayer, you get a \$600 exemption for her on your return, whether or not she files jointly with you.

Of course, a wife with no income doesn't have to file anything. But it would be absurd for a wife with no income to fail to file jointly with her husband, since unless both filed they couldn't split the income.

But—and this is extremely important—your wife had income, no matter how tiny, you can get that \$600 exemption for her unless she files jointly with you.

If she had income that was less than \$600, she doesn't have to file a return at all, since no one with less than \$600 is compelled to file a return.

But if she has income, she ought to file a joint return with her husband so he can use her exemption. If she doesn't she will throw away part of her exemption—the difference between her income and \$600.

If her income was \$600 or more and she files a separate return, then she claims her own \$600 exemption, the same \$600 exemption allowed to everyone filing a return.

This means, then, that since she's getting a \$600 exemption for herself on her return, you can claim only your own \$600 exemption on your return.

If both of you had income—or one didn't have any—and you file a joint return, then each of you on that joint return gets a \$600 exemption, or a total of \$1,200 in exemptions.

Remember: In all cases where husband and wife file a joint return both must sign it.

And keep this in mind: If you were married as late in 1949 as Dec. 31 you can file a joint return on your income for all of 1949, thus getting the benefit of the lower split income tax on married couples.

Couples divorced or legally separated any time in 1949—even as late as Dec. 31—must file separate returns for the year. Each then gets one exemption, his own.

Even if a husband paid all the support of a divorced or legally separated wife he can't get an exemption for her.

What of husbands and wives living apart by Dec. 31, 1949 but not divorced or legally separated during that year? They can file a joint return.

But if you're puzzled about this question—"Can I deduct for alimony?"—the answer is yes if it is paid under a court order and is paid in regular installments.

If your wife or husband died during the year, you are considered married for the whole year. Therefore, even though your partner is dead you can file a joint return, getting the benefit of the full exemptions and the split income to lower your tax.

**State Appointments**

Albany, N. Y., Feb. 20 (AP)—Governor Dewey has appointed one new member to the board of visitors of the State Rehabilitation Hospital at Haverstraw and has reappointed two others. The governor announced yesterday the appointment of Roswell F. Blauvelt of New City to succeed the Rev. William N. Ross of Nyack, resigned. Blauvelt will serve until February, 1952. Reappointed for full, seven-year terms were Raymond J. J. Terry of New York City and Dr. Thomas Aldrich of Bessieville. On Saturday, Dewey reappointed Fred W. Guild of New York City to the board of visitors of Warwick Training School for Boys for a seven-year term. Guild is board president. All the nominations go to the Senate tonight for confirmation.

**Bridge Committee Will Meet Tallamy**

The special Kingston-Rhinecliff Bridge committee of the Kingston Chamber of Commerce has been active since it first met last Thursday afternoon. James F. Loughran, chairman of the New York State Bridge Authority met with the full committee Friday afternoon and on Saturday a delegation, conferred with Senator Arthur H. Wickes. Sen. Wickes agreed to arrange an appointment for the committee to meet with Governor W. W. Averell Harriman, superintendent of the State Department of Public Works at the earliest possible date, to discuss the bridge location.

This morning James L. Rowe, chairman of the committee and Albert Kurdt, executive secretary of the Chamber of Commerce met at Rhinebeck with a Dutchess county committee to plan joint action.

Rowe stated that the committee is concerned over the rumored change in the location of the bridge and the possibility that such a move may delay the start of the project. The committee is making every effort to make certain that the construction of the bridge is started at the earliest possible date.

Those who attend the meeting of the bridge committee last Friday were Chairman Rowe, Raymond W. Garraghan, William C.

## Judy Lowe and Elvin Rose Qualify As Boy and Girl Bowler of the Week

Former Fires 183 For Week's Top Mark

The Kingston Youth Bowling League came up with a new male leader—Elvin Rose—and an old standby—Judy Lowe—in this week's competition at the various local establishments.

Miss Lowe fired a brilliant 183 single and 313 double at the Bowlorium 147-105 at the Central Hotel. Miss Lowe's 183 led both departments and was one of the best scores of the season.

Rudy Hohenberger knocked off 149 and Arnold Brock 142 for other high boy scores. Butch Whalen and Bob Sheltner each had 138 and John Long a 137. Judy's 132 was runnerup in the distal department.

The scores of 90 or better rolled in Saturday's competition were:

## EDUCATION NOTES

### Elementary School News

The boys and girls of Room 10, Grade 4, School 7, are making a farm unit. They have an interesting display of farm machinery. They are soled to size to make it easy for children to understand the working of them. Children are planning to spend a day on one of our children's farms soon.

School 4—The radio play, "The Month of Birthdays," will be broadcast over WKNY, Thursday evening, February 23.

The play will be based upon the knowledges gained in the English, music and social studies classes. There will also be poems and songs.

An interesting mural of early transportation in New York state has recently been made by children of a seventh grade class at School 8.

The mural includes the children's representation of the Hudson river with Indians peering from its banks at Hudson's Half Moon, Robert Fulton's Clermont and a typical canal boat of 1825. An early type of train on the Mohawk and Hudson Rail Line, now the New York Central, is also pictured.

Credit for the murals belongs to Mary Lou Snyder—background, Barbara Smith, Barbara Miller, Carol Ann Martin and Frank S. Croto; Indians, Christiansa Keith; Half Moon, Terry Woodvine and Clark Bundy; Stage Coach, Barbara Miller; Clermont, Barbara Smith; Clermont, Mary Lou Snyder.

A Lincoln activity has been in

progress in the second grade at School 5. The famous quotations and anecdotes of "Honest Abe" have been discussed. Cabins of logs and also cutouts are very much in evidence, and children have been working on a portrait of Lincoln, referring to when he was Civil War President.

The Fair and Square Club of School 6 elected the following officers for the month of February: President, Carolyn Hull; vice-president, Lee Kias; secretary, Raymond Longendyke; treasurer, Howard Dawson; assistant treasurer, James Millespugh.

The club decided to publish a monthly newspaper with the help of the other fifth grade and the two fourth grades. The following were appointed a committee to make plans:

Room 12—Nancy Natoli, Carolyn Hull, Raymond Longendyke, Room 12—John Mac Donald, Carolee Leware, Vincent Haines.

Room 10—Joseph Ambrose, Janet Horne, Jimmy Martin, Room 8—Thomas Marabelli, Lennie Styles and May Eng.

The children of Mrs. Gage's sixth grade at School 5 will soon visit Gage's Bowlorium. Two of the parents, Mrs. Feder and Mrs. Kelejian, will demonstrate bowling techniques. The children are hoping to have at least one turn at bowling. They're hoping it will be either a "strike" or a "spare."

A quiz program was conducted by Miss Lutzin's grade of School 5 on Friday afternoon. Questions were taken from the social studies unit on "Desert Lands of the World." Contestants were chosen by numbers. Peter Kelderhouse acted as announcer. Ellen Carney acted as emcee. Nancy DeWitt scorekeeper, Marvin Engle timekeeper. Willard Engle answered the most questions and John Senkiewicz was runnerup. It was a very enjoyable program.

### Local Cagers Down

Kingston Quintets  
Woodstock, Feb. 20—Woodstock scored double victories Friday

night at the Town Hall. The Woodstock Varsity won 63 to 17 over Kingston and in the Jayvee game Woodstock won 60 to Manic's Aces 44.

In the first quarter the score was 26-4 in favor of Woodstock. Although Woodstock picked up 17 points in the second quarter and eight more in the third, most of their shots went wild. Wilson was high scorer, racking up 28 points to Woodstock's total of 63. Primo, who with Neil committed fouls, scored nine for his team. The game was called in the middle of the fourth quarter when the two mentioned above were taken off the floor with six personals. Then a third man walked off, leaving only two Kingston men on the floor. That's the way the game ended.

Woodstock (63)—A. Neher, 8; Wilson, 28; Kleine, 12; Harder, 8; B. Neher, 0; Holdridge, 1; West, 0; Schomers, 6.  
Kingston (17)—McClusky, 8; Pinner, 9; Qualter, 2; O'Neil, 2; Melnick, 2.  
P. Van Wageningen chalked up 23 points for Woodstock and Schroeder trailed with 19. Rakov of Manic's Aces took 20 points. The second string was sent in during the last quarter.

Woodstock (60)—Peters, 9; P. Van Wageningen 23; Schroeder, 19; Blazy, 0; Snyder, 4; C. Van Wageningen, 0; Reynolds, 2; Hilton, 2; Meyhies, 1; Berkowitz, 0; Becker, 0.

## How Important Is This Man's "YES"?

He's the man whose "yes" helped to put an ambitious boy through medical school.

Another occasion, his friendly "yes" started a man in business and today that man's business is a growing, paying proposition.

And then there was the time his "yes" enabled a worried family to get from under a stack of unpaid bills and his friendly advice put that family's budget on a sound, secure basis.

This man whose "yes" has brought peace of mind to thousands of people by helping them get a fresh start is the manager of the Personal Finance Co. office in this city.

His job is to make personal loans, and to keep the transactions on a business-like basis. His years of experience with Personal have taught him to respect the honesty of local people—friends, relatives, or employer are not brought into the picture.

Don't borrow unnecessarily. But if a loan—for a month or a year, or longer—is the sensible thing for you (and you're the judge) the YES MAN will appreciate the chance to say "yes."

You can telephone him... or drop in to see him at the Personal Finance Company office. He says "yes" to 4 out of 5.

**THE MAILMAN**  
Our mailman always wears a smile  
He brings us news from far and wide  
With bulging bag of letters.

He handles mail from everywhere  
And brings us written pleasure  
We like the mailman's bill of fare  
He carries letters from our door  
Of course, the stationer we must pay  
And income tax epistles  
At home we give away  
With prompt and kind dismissal.

Our mailman stops at nine and three  
With Uncle Sam's permission  
A welcome friend is he  
He brings us news from far and wide  
From friends and distant friends  
From creditors and debtors  
His faithful service recommends  
The little man of letters.

## Action for Goods Heard in Court

An action for goods sold and delivered, brought by The Eagle Post Card View Company of New York city against The New Napanoch Country Club, Inc., and the Napanoch Hunting Lodge, operators of the Country Club property at Napanoch, was taken up for trial before Justice Roscoe V. Elsworth and a jury in Supreme Court this morning.

Plaintiff claims there is owed it \$581.75 for 65,000 post cards delivered in 1948. Defendant, The New Napanoch Country Club, Inc., denies it owed the money. It is claimed the money is not owed by the owners of the real property but by the operating company, Napanoch Hunting Lodge. Plaintiffs claim the order was given by Benjamin Feinberg, who at the time told the plaintiff he was an officer or director of both companies and the bill could be sent to either company and would be paid.

Feinberg was called by the plaintiff today and testified he was a director of the Napanoch Hunting Lodge corporation in 1948 for the purpose of securing a liquor license. He was an officer of the Country Club, he said. There has been no answer to the action filed by the operating corporation, Napanoch Hunting Lodge. The owning corporation, New Napanoch Country Club, Inc., denies responsibility, alleging the order was given by the other company.

Coal operators declined to confirm reports that they have made their first money offer to the union. For his part, Lewis hoisted his demands last week. This action was to replace contract goals the union was barred from seeking by Judge Keech, on the ground that they are probably illegal.

One favorable sign in the negotiations was the report from government observers that both sides had at least gotten to grips with the issues, even if they were still arguing hotly about them.

In the eight months of union-operator talks neither side would bud from fixed positions and Lewis never gave his demands in any details. Now he has asked for wage and welfare fund guarantees every year for the miners, and a 7 1/2 hour day.

## Farmers Ask ...

of forest land along the Sierra Nevada, and dependence for water is put on the run-off.

Here, however, in a thickly populated area, artificial rain could cause much damage. If it does, he said, the city should be made to pay. "I don't see any legal justification for making rain here," he said.

**Want to See Experts**  
The suggestion was made in the Farman pattern office this morning that New York city should send its rain-making experts up to this area to make a thorough study of all its possible effects. At the same time, they could explain the details to local residents, so that the local people could be better able to form an opinion as to the possible benefits of the plan.

The problem is one of many phases, and is becoming a topic of conversation throughout the county.

**May Stop Tourists**  
One farmer pointed out that if this man-made rain is overdone, it would cut down the value of this area as a tourist center. This in turn would affect all those who sell goods or services to the tourist.

An Olive Bridge farmer summed up his views this way: "It's an unwritten law that the few have to sacrifice for the benefit of the many. By the same token, the many should compensate the few for their sacrifices." This same farmer suggested that interested local farmers call a meeting to learn more details of the plan and to inquire into the methods by which payment may be obtained in the event of damages to crops.

**Plane Lands in Tree**  
Sayville, N. Y., Feb. 20.—A 30-year-old pilot, his fuel supply exhausted, landed his light plane amid a tangle of treetops and high tension wires yesterday but escaped with only minor injuries.

When the plane came to rest in the darkness, one wing was on the ground and the other entangled with power wires. The pilot, Dow Waters of Mincola, N. Y., reached the ground by climbing down a wire.

**Will Plead Insanity**  
Frankfurt, Germany, Feb. 20.—Pretty Mrs. Yvette Madson told today she intended to stand trial here March 6 on charges of murdering her air force husband. The 22-year-old defendant claimed when U. S. District Judge Fred C. Cohn asked her if she was guilty or innocent of murder. Later her attorney, Elmo Gower of Cumberland, Md., told reporters he will file a plea of innocent by reason of insanity.

**Hear Guns, Cries**  
Trieste, Free Territory, Feb. 20.—Trieste police said today they have heard grenade and machine-gun fire for more than an hour and repeated cries of "help!" coming from the Yugoslav zone last night. Police said they believed a Yugoslav patrol had suppressed a group of refugees trying to flee across the border into the American-British zone.

**Reservoir Is Up**  
Jersey City, N. J., Feb. 20.—All water restrictions were lifted here today as the Bontoon reservoir water supply was reported filled to its 7.5 billion gallon capacity.

**Strike Report Due**  
Washington, Feb. 20.—Reports to the government are due today from a C.I.O. union and Bell Telephone Companies, on their efforts to avert a nationwide phone strike set for Friday.

## Financial and Commercial

By WILLIAM D. HORGAN  
New York, Feb. 20.—The stock market found a bottom today after declining fractions to around a point.

Selling pressure was not strong but buying interest was dampened by refusal of soft coal miners to obey John L. Lewis' second back-to-work order.

Extension of a temporary injunction against the coal strike had no apparent influence on price trends.

The market's performance was considered impressive in view of the potential menace of continued lack of coal production. There is still a current of hope in the financial district, however, that the miners will be back at work in the near future.

Stocks of companies likely to be hardest hit by a coal shortage were prominent on the minus side. The radio-television group was noticeably weak.

**Strike Ends**  
Trieste, Free Territory, Feb. 20.—A 10-day strike of 25,000 industrial workers ended today in a compromise agreement with the allied military government. The workers quit Feb. 1 demanding a 60-lire (about 10 cents) daily increase in their cost of living bonus. Terms of the agreement were to be announced later.

## Services Are Held Marking Methodist Church Alterations

Sunday marked the reopening and rededication of the Clinton Avenue Methodist Church, when special services were held during the day in observance of the completion of extensive alterations, improvements and rededication of the church property.

Morning services opened at 9:45 with a special church school program, followed at 10:45 o'clock with the morning worship. This service was conducted by the Rev. William R. Peckham, pastor, who spoke to a capacity attendance of members and friends of the church. There was a special program of music during the service with Mrs. Raymond G. Ingersoll, organist, and Raymond Howe, Jr., director of music, and Donald Weeks as soloist.

During the afternoon from 3 until 5 o'clock the women's organizations of the church gave a tea and refreshments in the church. Members of the Young Women's Circle acted as ushers to the some 300 people who attended and inspected the property. During the afternoon Mrs. Ingersoll presided at the organ and Raymond Howe, Jr., sang several vocal selections.

At 5 o'clock a vesper service was conducted with the Rev. Merrill C. Johnson of St. James Methodist Church preaching the sermon. He was assisted by the Rev. Ivan Gossio of Trinity Methodist Church, the congregation of the three churches uniting at this service.

At the service Sunday afternoon the infant son of Mr. and Mrs. Daniel Cavanaugh of Poughkeepsie, William John Cavanaugh, born December 8, 1949, was baptized. Mrs. Cavanaugh is the former Helen Fetherbridge.

Services in the church Sunday attracted visitors from many nearby places as well as from Poughkeepsie, Newburgh, Woodstock, New Paltz, Rosendale and Stone Ridge. The Clinton Avenue Methodist Church is celebrating its 95th anniversary this year.

# Kingston Colonials Rehire Emil Gall as Manager for 1950 Season

## Long Island Skipper Promises Good Club

Emil Gall, player-manager of the Kingston Colonials for the second half of the 1949 Colonial League season, has been retained for 1950, Addison Jones, president of the Colonial syndicate, announced today.

The club president said that while Gall had agreed to terms several weeks ago, announcement was withheld until the local group was assured control of the franchise.

The Kingston business group was formally awarded the franchise at the Colonial League meeting in Stamford Wednesday night.

Gall, a former minor league star who got as high as Newark of the International League, succeeded Julie Laviano in the middle of the 1949 campaign.

### Player-Manager Role

The Long Island receiver is expected to carry on in the role of player-manager. He appeared in 22 games last season, primarily as a pinch hitter and slugged the league for a creditable 310 mark, with nine hits in 29 trips to the plate.

Jones hailed the signing of Gall as the springboard to an intensive reorganization campaign by the local group. The first of a series of policy meetings will be held on Wednesday night at the Stuyvesant Hotel.

Colonial officials expressed themselves as pleased with Gall's return and they had complete confidence in his ability to field a representative squad that would be a permanent contender all the way.

Gall has many minor and major league contacts that will be beneficial to us," Jones said, "and we are confident he will line up a good team. He has already contacted several young men who should help us. We are definitely interested in young, fast players with a baseball future ahead of them. The fans are tired of seeing broken down minor leaguers and weak hitting Cubans and Puerto Ricans in the Kingston lineup."

Predicting wholesale changes in the Colonial roster, Jones declined to list the names of players likely to get the axe before the next season rolls around.

"I can't say just what players will be retained or cut loose," the president continued, "but I know that very few of last year's crowd will be around this time."

Jones indicated the Wednesday meeting would discuss spring training plans for the Colonials, the signing of new players and a program designed to give the club a real send-off on opening night of May 2.

The names of Colonial prospects for 1950 should start rolling in within the next few days, Jones said.

Meanwhile, the Colonial League seems assured of at least six and possibly seven clubs. Waterbury and Stamford, apparently will solve their financial dilemmas, while several Colonial owners feel that Patterson, N. J., should be invited into the league, even if it does create the unusual setup of seven teams.

These owners reason that with a couple of question mark clubs in the loop, the possibility of fold-ups is remote. The league would fall back into the normal six-team setup, if either Waterbury or Stamford fails to survive.

### Sugar Ray Escapes

Melbourne, Fla. Feb. 20 (AP)—Welterweight boxing champion Sugar Ray Robinson escaped an automobile accident here yesterday but escaped with two minor cuts on his arm. The highway patrol said the Robinson car, driven by Warren Jones, overturned after colliding with another machine. Robinson did not require hospital treatment.

### Jorgensen Signs

Brooklyn, Feb. 20 (AP)—Third base candidate Johnny (Spider) Jorgensen has signed his 1950 contract with the Brooklyn Dodgers. Jorgensen, 33, is a left-handed batter. He hit .269 last season in 53 games for the National League champions.

Average annual precipitation in Utah is only 13 inches, with some desert sections getting less than five and mountain ranges as much as 40 inches.

## Burke Fires Record 264 to Score First Major Victory in Rio Golf

Hartington, Tex., Feb. 20 (AP)—Golf's tourists rolled on to Houston today for another \$10,000 open golf tournament with young Jack Burke, Jr., winner of the Rio Grande Valley Open, the little man of the hour.

The boyish son of Houston's famed professional—the late Jack Burke—moves into the city that knows him best as second leading money-winner of the year. He laid down a six-under-par 65, featured by two eagles, on the 6,095-yard Hamilton municipal course yesterday to finish with a record-breaking 72-hole 264 and grab first money of \$2,000 in the \$10,000 playoff.

Burke, who has 10 previous wins, ran his total winnings for the year to \$4,940. Ahead of Burke in money-winnings is only Sam Snead of White Sulphur Springs, Va., with \$7,558. Snead isn't playing at Houston. He decided to skip both the

## No Ticket Sale At N.F.A. Gym

Coach G. Warren Kias of Kingston High School warned today that there would be no ticket sale at the door for the Kingston-Newburgh contest Friday at the N.F.A. gym. Kingston High has been allotted 275 unreserved seats. N.F.A. authorities have set a limit of 600 ticket sales which means some folks will have to stand up. So, if you are planning to see the game, you had better get there early.

## Goercke, Dunham Pace Angel Rout

Harry's Angels travelled to Saugerties Saturday night and overwhelmed the Milady Tavern basketballers, 73-26, as the Big Two of Eric Goercke and Ward Dunham personally outscored the home club.

The Angels pulled away after a spirited first period in which they led 17-10. They increased the margin to 38-18 at the half and liquidated all semblance of opposition with a 25-point blast in the third period.

Goercke was the individual star with 20 points, while Dunham accounted for 17. Kaman added 14 and East nine to the Angel total. High man for Milady was Loerzel with 10.

The Angels dumped in 27 fields and were unusually accurate from the foul line where they converted 19 fouls in 21 attempts.

Rio Grande Valley and Houston Open.

Jimmie Demaret of Ojai, Calif., who was second money-winner last week, won only \$196.66 here and fell to third place with a total of \$4,778.66. Demaret had 272 for a tie for twelfth place.

Burke's 264 was two strokes under the tournament record here, set by Henry Picard in 1941.

It was another day of record-breaking performances. Forty-five of the field of 67 cracked the 35-36-71 regulation figures and Henry Ransom of St. Andrews, Ill., who tied for third place at 267 with Fred Hans, Jr., of New Orleans, equaled the competitive course record with a 63. The record was set in 1948 by Lloyd Mangrum and tied last year by Dave Dougan, Cary Middlecott and Glenn Teal.

Giant Skip Alexander of Knoxville, Tenn., who hadn't won a game on the tour this year until yesterday, came in with a 66 and a 266 total that gave him second place and \$1,400 second money.

Burke's card for the 72 holes was 66-67-66-65 and he made the four rounds in 20 strokes under par.

His eagles came on the par five No. 3 with a four-iron that laid the ball eight feet from the pin and on No. 18 where he used his driver to shoot two feet away from 260 yards out.

## Bowling Roundup

I. Brown fired major league scores in the Scranton Lane circuit Saturday with a rousing 643 triple on the Bowliatorium drives. After a 207 opener, he followed with 237 and 204 for a new league record and the top bowling stint of his career.

Other high scores in the loop included Finch's 512, Harry Studt 480, P. Peiler 210-514, Al Bruce 225-547 and Reid 482.

Rose "The Queen" Schatzel pounded the timbers for 598 with 200-187-211 in the Bowliatorium Mixed League last night, shading Bill Murray's 242-586 effort for individual triple honors. Roy Tremper pounded 200-561, George Flemings 535, Toss Moss 523, Joe Benicase 522, John Ferraro 519, J. Healey 508, J. Bechtold 493, Ed Heins 491, Ralph Garafolo 485, John Crispino 478, Dot Flemings 477.

Governor Clinton leads the team race by a three-game margin over Tropical Inn. Two new records were set in last night's firing, the Cedar Rest compiling 2466 for new scratch score, while the Town Cafe's 2472 was a new high with handicap.

Honey Maylahn came back nicely in the Y Merchants League to post a 584 triple via 159-213-212. Eddie Beck's 210-208-564 and Charlie Port's 540 were other high bracket scores. Tom Rowland blasted 500, Bill Davis 487, John Raible 485.

## SPORTS

### Bagatelles:

Eddie O'Connor, the high scoring St. Patrick's Academy center who will be at the municipal auditorium to torment Kingston High Tuesday night, is reported headed for Notre Dame. With a name like that, what else? . . . Syracuse and Colgate, two upstate basketball powers, said to be angling for Dick Tyler, the N.F.A. triple-threat. Buddy Smith of Kingston, co-captain of the Ithaca College Bombers, is fourth ranking small college "field goal percentage leader" in the nation, with a brilliant 52.7 percentage on field goal tries. High individual scorer on the team with 211 points, he is averaging 15 per game.

### Spits and Misses:

Joe Schrowang is happy now that Johnny Ferraro yielded to persistent pleadings and drilled Joe one of those "Chic Gripes." . . . With Joe's tremendous natural turn on a bowling ball, he needs that about as much as you need another arm. But, if it makes Joe happier, that's what counts. Lou Visconti's feat of rolling three seven-hundred triples in four weeks—727, 761, 725, is unparalleled in Hudson Valley League history. . . . Clifton Quisenberry, the bowling Theatrical who was about to create a major scandal by switching to a hook ball, has reverted to a "straight ball." Eight men hitting "100" or better in the H.V.B.L. Nick Leone, Newburgh, leads with 188.48. Other leaders: Lou Visconti 187.61; Wayne Scott 186.48; Tony Mack 184.11; John Ferraro 183.20; Al Koepfel 182.48; Al Orsini 182.19; Wally Gerken 180.66; Bill Baker 180.64.

Newburgh confidence for another victory over K.H.S. has soared to the point, where Hill City partisans are concerned only by the margin by which the Goldbacks will trample the Maroons. The victory itself is taken for granted. That's the dope out of the Hill City.

### Flotsam and Jetsam:

Art Justice trounced Harold Quick 125-97 in the pocket billiard exhibition at the Bowliatorium this week. Railbirds regard Frank Schilling as something of a "2 o'clock hitter" in the city pocket billiard championships. The Laughing Man plays superbly in open competition (knocked off Pete Savary twice early this week) but takes bad beatings in the tournament. Ben Hogan will collect \$25,000 tax free annually as long as he lives as a result of the settlement for his auto accident last year. "Butch" Sawatski, new Cub catcher, was one of 1949's top minor league sluggers. In 128 games with Nashville in the Southern Association, Butch hit .360, including 153 RBIs and 45 homers five of them grand slams. The Federated Sportsman's Club of Ulster County held their next meeting on Feb. 25 at the Phoenix Hotel. George Dixon of Hurley, newly elected President, will conduct the meeting.

Owen D. Cassidy, of 68 Fairmont avenue, Kingston, has been awarded class numerals as a member of the Rutgers University freshman cross-country team.

E. G. Ohlman, district game manager of the Lower Hudson District of the New York State Conservation Department, has prepared an extensive brochure report on the Ulster county pheasant holding yard at Walkill. We'll discuss that in detail later and also give Lt. Winslow Humphrey of East Windham a chance to reply to remarks made by Clayton Seagars at the recent dinner in Woodstock. It's explosive stuff and nimrods will enjoy it. Both men have their following and both sides will be presented. Larry Bagart, the old typecast, says he thought Seagars talked Humphrey right under the table, while Roland Post, one of The Freeman's leading nimrods, stoutly maintains that Humphrey made a bush of Seagars. We shall see.

### The Ruby Goldstein Story:

Ruby Goldstein, America's No. 1 boxing referee, had the recent K.A.A. Hot Stove League dinner roaring with the story about the boxer who was taking an awful beating through the first five rounds of a bout. At the end of each round the manager assured him that he was way ahead on points. The boxer returned to his corner after the fifth heat ended, battered and bleeding, and suddenly bolted out of the ring. "Come back in here," pleaded the manager. "Listen," replied the weary boxer, "you say I won the first five rounds. Let the other guy have the next five and we'll call it even. . . ."

## Boys' Club Wrestlers Show at Boxing Card

A group of youngsters from get a bang out of their performance.

"Pop" Fuhrman's Kingston Boys Club will stage a series of one-minute wrestling exhibitions as an added highlight of the B'nai B'rith boxing card Thursday night at the municipal auditorium. It was announced today.

The exhibitions will consist of five one-minute bouts, with the Boys Club furnishing the contestants, referee and officials in a regular big time setting.

"These kids are not pros, of course," "Pop" Fuhrman told Bill Singer, chairman of B'nai B'rith boxing, "but in one minute they'll give you more real action than you'll ever see among the pros. They are all clever kids, in superb shape and with a real understanding of leverage, holds and every trick in the book. The fans will

## Thirteen Straight For YMCA Triangles

Lou Schaler's youthful powerhouse—the Y.M.C.A. Triangles—wrapped up Mickey's Aces, 61-46, for their 13th consecutive basketball victory Saturday on the Y court.

Against a squad that was composed chiefly of Stone Ridge players, the Triangles took command early in the game and stayed in front all the way. They were ahead 15-9 at the quarter and 30-15 at halftime.

Andy Juhl and Bob Cullum shared 31 points for the winners, while A. Linhart's 11 points led the Aces. Schroeder and Aspermonte tossed in 10 apiece for the losers and Hickey had eight for the Triangles.

The boxscore:

### Scribbled Note Is Clue to Arrest of Blonde for Murder

New York, Feb. 20 (AP)—A buxom blonde, trapped by a scribbled note of death and devotion, was accused today of choking a married lover to death as he slept in their hotel room.

Police said Mrs. Barbara Barzani, 37, of Manhattan, admitted she strangled Anthony Gallo, a 36-year-old liquor company truck driver.

Two days of drinking in taverns and staying overnight in hotels led up to the slaying.

Gallo's body, a towel tight around his neck, was found on a bed in the Grand Union Hotel Saturday.

A note near the body read "He made me do this and I love him, Barbara."

Beside the note on a table was \$246 in cash. Two telephone numbers on the back of the note led to the blonde's arrest yesterday.

Police quoted her as saying she strangled the short, thin Gallo after a stormy, four-month romance.

She said they had quarreled frequently about both getting divorces so they could marry each other. She declared Gallo had beaten her a number of times for refusing to leave her husband, Albert, a butcher.

"That's why I killed him—I thought it would be better that way," police quoted her.

Gallo lived with his wife, Josephine, and their two young children in Jersey City, N. J. (354 Fifth street).

Mrs. Barzani had disappeared from the hotel before Gallo's body was found by a maid Saturday.

Police said they traced her through phone numbers on the note—one of a tavern where she and Gallo were known, and the other of a friend in the Bronx.

The alleged slayer was found in the home of the friend, Mrs. Ann Basso at 3 a. m. yesterday.

Police said Mrs. Basso told them Mrs. Barzani had appeared at her home Saturday pleading, "I'm in trouble. Can I stay here for a few days?"

Mrs. Barzani chewed gum continuously during her preliminary arraignment yesterday. She was held without bail for a hearing today on a homicide charge.

### Asks Severe Punishment

Budapest, Hungary, Feb. 20 (AP)—The trial of U. S. businessman Robert A. Vogeler and six others on spy charges ended today, with the prosecution demanding "the most severe punishment." Court was adjourned until tomorrow, when the verdict will be read.

Vogeler, in an abrupt, best worst statement to the people's court, declared he had confessed to the charges without "any pressure or insults."

### Many Skiers...

Tongora trail. The combined downhill and slalom race was won by Ray MacIntyre of St. Lawrence University who negotiated the course in 119.4 seconds, an indication of the splendid condition of the course.

Arrived Saturday

Ski parties began to arrive in the area on Saturday and they came by private car and by bus. At Phenicia the towns on the Simpson Memorial slope were in operation over the week-end and a capacity crowd was handled. Snow conditions on the slope were excellent over the week-end with a fine base and a good powder top.

Accommodations later were filled and during the afternoon radio broadcasts were sent out warning parties that all accommodations in the immediate area were filled and asking that they seek quarters at more distant points. Several bus loads were turned away for lack of accommodations. On Saturday and Sunday traffic on the Ontario Trail, Route 28, was heavy and at times crowded over the heavy summer traffic conditions. At one time there was at least a mile and half of cars lined up waiting to get to the Bellevue parking grounds.

Tours Organized

Bus ski tours have been organized in New York city for the Catskill Mountain area. Five of these tours arrived at Bellevue on Sunday and three more came in on Saturday.

The chair lift at Bellevue operated to full capacity over the week-end and on Sunday there was a long line of customers waiting to procure tickets for the lift.

It was the excellent ski conditions, coupled with the closeness to metropolitan New York that brought out the record crowd over the past week-end. Many of those who came to Ulster county over the week-end indicated that they had in the past traveled to more distant points to ski but the opening of the state ski center at Bellevue in conjunction with the other ski centers in the area, has caused them to seek the Catskill area.

At Bellevue this morning the temperature was recorded as 10 degrees below zero and if the weather holds, a big crowd will be on hand next week-end to take in the sport.

### 'Vols' Will Hear G.I. Course Plans

A representative of the Delahanty School for firemen and policemen in New York will address members of the Ulster County Firemen's Association here tomorrow night on a G. I. correspondence course for firemen.

The county volunteers will be guests of the Veteran Volunteer Firemen's Association, and the session will be held in the common council chamber, city hall, following a recessed meeting of the council at 7:30 p. m.

The course to be explained to the firemen is for former service men who are interested in fire-fighting as volunteers or for paid department purposes. The course fulfills the civil service regulations and requirements and is given without cost to ex-servicemen under provisions of the G. I. Bill.

Mayor Oscar V. Newkirk is scheduled to welcome the firemen.

### 15 Face Charges After Union Raid

New York, Feb. 20 (AP)—Fifteen men faced court today after a bloody battle which broke up a meeting of "rank-and-file" members of the strike-torn C.I.O. National Maritime Union.

An armed band of 30-odd men battered its way into Tom Mooney Hall yesterday, police said, to raid a meeting of 200 rank-and-filers being held upstairs.

The rank-and-filers, opponents of Union President Joseph P. Curran, were meeting to discuss what they call Curran's "anti-democratic leadership."

Curran says his foes in union ranks are "Communist-led."

Police said the raiders carried weapons including a tear gas gun, knives, clubs, a blackjack and at least one gun.

Four men, three of them rank-and-filers, were taken to a hospital and one was held for further treatment.

The lobby of the meeting hall was splattered with blood.

Bricks, milk cans and a street traffic sign were hurled, and heavy plate glass doors at the entrance were smashed.

Various charges of assault, disorderly conduct or possession of weapons were lodged against the 15 prisoners. Thirteen of those arrested were members of the raiding party and two of them were rank-and-filers, police said. They were released overnight in bail.

The strife between pro-Curran and anti-Curran members of the union has flared recently into a number of street fights and a pitched battle at union headquarters. There also have been a number of court contests.

### Charged With Assault

Anthony Brudniak, 74, of 386 First avenue, who was arrested there Saturday by his wife on a charge of third degree assault, was given a suspended sentence of 90 days in jail when he appeared before City Judge Raymond J. Mino today.

Brudniak was arrested after police were called to the house at 8:40 p. m. Saturday. Officers Kenneth Stratton and Francis Fagan responded.

### Outboard Motor Starter Maker Held by F.B.I.

Washington, Feb. 20 (AP)—A small New York manufacturer was arrested here Saturday for what the F.B.I. called an attempt to bribe a government employee.

The Federal Bureau of Investigation identified the New Yorker as Criley of Flushing, Long Island, N. Y., who has a company for making hydraulic starters for marine outboard engines.

Criley said he had "never done anything wrong."

The F.B.I. said he had been attempting to get a contract from the army engineers corps and had offered an employee there \$100 and a share of stock in his company to further the sale of the starters.

Criley declared that the engineer corps had offered him an "interior" contract to build a starter at \$3,000, but that he couldn't do the development work on it for less than \$5,000.

He said he told his side of the story to the F.B.I. on Thursday. He was not taken into custody until late Saturday.

Given a hearing before a U. S. commissioner, Criley posted bond of \$1,500. No plea was entered and the case was continued to March 1.

### Brinkerhoff May

the boat, and William Hopkins Ewen, society president and assistant advertising manager for the Borden Co., Ashby O. Reardon, a society member and secretary of the Mutual Ice Co., Alexandria, Va., "has volunteered to provide a ton of coal and shovel it himself."

Capt. Elwell B. Thomas, proprietor of the Thomas Boat Yard at Stonington, Conn., has offered to donate the services of a crew of workmen to put the boat in exhibition trim.

Built for Hudson

The Brinkerhoff was built in 1889 for the Foughkeepsie-Highland (New Paltz Landing) run. The company shut down in 1941 after continuous operation since 1798. The ferry served Bridgeport, Conn., from 1942 to 1948 as a pedestrian link between that city and Pleasant Beach. It helped out at Kingston on occasions before it went east.

The ferry's engine, "built" by the W. A. Fletcher Co., Hobboken, N. J., still operates with flawless smoothness," Braynard said. It is one of 200-odd beam engines to survive. More recent steam engines are in the Hudson River steamboats Robert Fulton, Bear Mountain and the Lake Champlain steamer, Ticonderoga.

The Brinkerhoff was sent to her regular layup spot in the Rondout creek last May and it was found that her outboard paddle wheel braces would have to be replaced. The cost of restoration led Bridgeport to decide not to return her to service.

It was estimated by Ewen of the historical society that it will cost \$1,500 to reconnect pipe lines and tow or steam the ferry to Mystic.

Other problems are to be solved, and it was announced that a general appeal for funds, was scheduled to start today.

Ewen suggested that interested persons send checks or money orders to the Marine Historical Association, Inc., Mystic, Conn. Checks are to be made out to the association and not to the Steamship Historical Society.

Donations will be recorded and in the event the amount is not reached, all will be returned.

Charles A. Brooks, association business manager said.

### City and Rural Areas Feel Real Wintery Blasts

A temperature of three degrees above zero at 8 a. m. today, was no record for this date in February, but if area ears had their say, they'd score several points for the cold winds which made the air as penetratingly frosty as any to date this year.

A temperature of two degrees below zero was reported in the Phenicia area, and even that was mild compared to the record of 10 below on Feb. 20, 1938. The warmest was Feb. 20, 1939 with 62 degrees.

It was mild also compared to the 18 below reported by the Associated Press for Watertown in the Adirondack country. New York city recorded nine above at 9 a. m.

The weather man at Washington said it looks like "below normal temperature" for the next three weeks from lower New York state to New Orleans while New England is expected to have "near normal" temperatures and the northeast corner of Maine will be slightly warmer than usual.

The 30-day outlook, said the forecast, also indicates heavy precipitation from the Appalachian eastward to the coast. That could be rain or snow.

The coldest spot in the northeast, said (AP) was Mt. Washington in New Hampshire with 23 degrees below zero.

Bitterly cold weather is expected here again tonight.

3. Saturday shutdowns of all commercial and industrial users of soft coal.

4. A 4 p. m. daily closing for retail stores.

5. A midweek "holiday" for commercial and industrial places using soft coal.

Tallamy can order these restrictions under the sweeping 90-day emergency powers given Governor Dewey by the Legislature last Tuesday.

Tallamy also said he was considering adoption on a state-wide basis of New York city's "certification" allocation" system of selling coal. The system provides that no dealer may sell coal unless the buyer presents an "allocation certificate" signed by the local coal coordinator.

### Newspaperman Dies

Olean, N. Y., Feb. 20 (AP)—Death has taken one of the nation's oldest active newspapermen, Joseph Mutschelner, founder of the Allegany Citizen. Mutschelner, who published and edited the weekly newspaper for 54 years, died yesterday after a four-day illness in St. Francis Hospital here. He was 94. He was a leader in the movement which led to the incorporation of nearby Allegany in 1905 and was the village's first clerk.

### Injured in Plunge

New York, Feb. 20 (AP)—Julian Gravelly, 37-year-old maritime lawyer, was injured seriously today when he plunged from his sixth-floor room at the Hotel Gramercy, police reported. Gravelly, who suffered a fracture of the left leg and internal injuries, landed on the roof of the hotel's second floor dining hall. Questioned later by police, he said he could remember nothing until he awakened, moaning, after his fall.
